GRP welcomes Steve Poli

HF Group, LLC, and the Government Records Preservation (GRP) division, is pleased to announce that Steve Poli, of New York, New York, has joined the GRP team as a Sales Representative.

Steve brings a great deal of experience in the preservation, restoration, and digitization of records at all levels of municipal government.

He will be responsible for identifying and evaluating historic records at all levels of government that are in need of preservation treatment. His primary focus will include working with clerks, recorders, registrars, and auditors throughout New York City/eastern New York, Connecticut, eastern Pennsylvania, and New Jersey.

Tim Baumgardner, GRP Sales Manager commented that *“we are very pleased to have a seasoned professional like Steve representing us in New York and the Northeast”*.

GRP offers services for the complete archival preservation of historic documents & permanent records, including the following:

New record binders and bound books, rebinding of historic bound books, surface cleaning, mending, tape removal, deacidification, mylar encapsulation, digital reformatting, and enclosures.

Physical treatment services are located at our facilities in **North Manchester, Indiana**, and **Greensboro, North Carolina**.

Our team is committed to serving not only direct government officials, recorders, and archives, but also government service providers (dealers) who have a strong history of working with state and local recorders and records managers.
